

## POMODONE

The luxury of being able to live between relaxation and emotions!

Made in Italy pouf for accommodation and residential facilities!

Every single product is designed and created with the quality, passion and guarantee that distinguish us.

Aware of putting at your disposal comfort in every environment or situation, we devote ourselves to the pouf production and ergonomic furnishing complements, welcoming and enveloping, qualities of expression for your identity and personality.

The environment that surrounds us and the objects for rest and fun put in correlation with each other, become real multitasking scenarios where you can live and share emotions and relaxation at 360°. Careful research of materials and a “modern” taste inspired by nature and visual brightness with soft and welcoming shapes designed to adapt perfectly to the human body.

## 1. POMODONE: Design, passion and quality

**Made in Italy pouf for accommodation and residential facilities.**

Every single product is designed and created with the quality, passion and guarantee that distinguish us.

Aware of putting at your disposal comfort in every environment or situation, we devote ourselves to the pouf production and ergonomic furnishing complements, welcoming and enveloping, qualities of expression for your identity and personality.

The environment that surrounds us and the objects for rest and fun put in correlation with each other, become real multitasking scenarios where you can live and share emotions and relaxation at 360°. Careful research of materials and a “modern” taste inspired by nature and visual brightness with soft and welcoming shapes designed to adapt perfectly to the human body.

## 2. POMODONE: Structures have us chosen because...

Identifying a specific need is one of the most difficult challenges we are facing.

Many accommodation facilities marry our idea of relaxation, not only as a concept of a psycho-physical state but as a global definition in the creation of real comfort zone in any environment in any season, be it sea, mountain, beach or an office. Hotels, bathing establishments, clubs, wellness centers, all activities that make comfort, relaxation and fun their mission and their must.

We are aware of having ventured into an obstacle course, but the ideas, the time invested and the confirmation received up to this moment, confirm the choices made. The certainty of the quality of our work comes every day from the growing interest shown to us. Many have understood our ideas and put their trust in us by choosing our Made in Italy poufs.

### 3. POMODONE: Facilities chose us because...

**Versatility - Ergonomics & Comfort – Quality- Design & Style - Craft production - Made in Italy- Resistant and Durable - Pre-post sales assistance**

#### 1. Versatility

Versatile furnishing solutions and complements designed for any occasion in any season. We work with passion to offer you the comfort solutions as a way to get the deserved relaxation.

#### 2. Ergonomics & Comfort

Achieving comfort through the study and use of ergonomics. Ergonomic and comfortable, Pomodone complements are the perfect combination of health and well-being.

#### 3. Quality

The quality of our lines is our business card. Made with fireproof materials, waterproof and resistant to UV rays each complement is produced according to the regulations in force. Giant Pouf Pomodone

#### 4. Design & Style

Style and design for any structure. Complements with soft lines and unique design Pomodone lines are versatile furnishings and adaptable to all types of structures: offices, accommodation facilities, hotels, wellness centers.

## 5. Craft production

Artisan hands that work b>quality raw materials for the pleasure of personally making sure that each product pouf is ready to give the comfort and well-being for which it is made.

## 6. Made in Italy

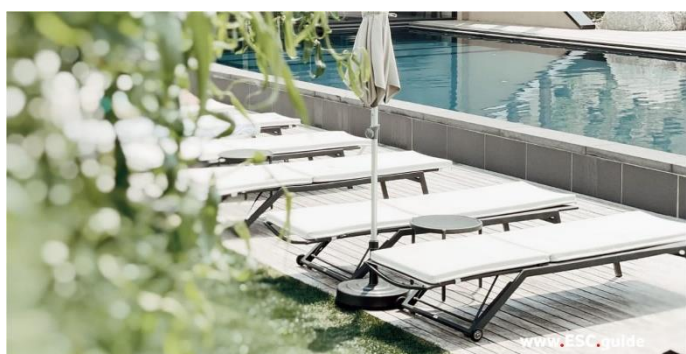

The territory intended for the quality of raw materials and as a *guarantee of style and design that has always been a source of pride in the whole world* for our **country**.

## 7. Resistant and durable

Waterproof, resistant to weather and UV rays every accessory is designed and built to withstand and accompany you over time.

## 8. Pre and post sales assistance

Pomodone lines are guaranteed for 3 years. We love to give the relaxation that for us of Pomodone is also linked under the warranty point of view, nowadays our pre and after sell services is appreciated by all our customers.

## 4. POMODONE: The pouf that supports you in perfect ergonomics.

**Ergonomics plays a fundamental role in the field of rest. We have discovered this through the research and development of comfort solutions for the community.**

The study of design, researches of materials and countless challenges faced have therefore enabled the creation of ergonomic poufs reducing the conditions of psycho-physical stress.

We have translated the concept of wellness into an enveloping and comfortable embrace inspired by the simplicity and transparency of children's emotions.

The idea becomes even more interesting if the intent is to insert these "enveloping embrace" in environments designed for relaxation: swimming pools, beaches, wellness centers or gardens of accommodation facilities. These are the reasons that push us to interpret ergonomics as a study of interaction between man, relax and surrounding environment.

Analyzing this "triangle of comfort" we have therefore come to the conclusion that our lines must satisfy, optimize and relate to each other: people, environments, emotions and fun, creating what we love to define the "Comfort Zone" Pomodone.

**We manufacture ergonomic poufs to ensure enveloping emotions in every situation.**

In perfect harmony with any furnishing requirement and adaptable to any environment or situation.

Pomodone ergonomic poufs are designed and created to support and wrap the human body.

Lines created to enhance the combination of relaxation and design within the best tourist accommodation facilities such as: hotels, bed and breakfasts, seaside bars and mountain huts.

### Ergonomic poufs Pomodone

Modern furnishing solutions created for comfort in every occasion.

Events such as beach parties, snow events or important trade fairs.

It is essential for us to know that health and relaxation are present in every moment of your day.

## 5. POMODONE: Customized poufs for your exhibit

**It is important to be present, to be noticed, to leave a mark!**

Pomodone helps you in this by creating customized poufs and tailor-made cushions to any environment. Offices, open spaces, spas, hotels, the accessories we produce have no limits of use.

**Your logo, our comfort: Customized poufs: we leave the mark, everywhere!**

**Customized poufs: we leave the mark, everywhere!**

Versatile in terms of use, comfortable and relief in terms of relaxation, we make sure that every tourist accommodation structure or a hotel, could have the opportunity to make their own, unique Pomodone complements by making customizations.

Printing the logo of your activity on a headrest cushion, or on a pallet mattress and any other complement of the lines we produce, are all ways to indelibly impress the memory of your customers who will remember you as the structure with personalized comfort.

**Printing Methods: Digital or hot**

Choose how to make your structure for your guests indelible. Our customized poufs, as well as all customizations we make on the products of our lines, are resistant to atmospheric agents and UV rays attack.

Depending on the needs and the material used, it is possible to choose between two different types of customizations.

First is a digital printing, where a chosen photo or logo are printed using a digital fabric printer.

In the second case, instead, through a vinyl print, the image is impressed with the use of a heat press.

**Originality and Comfort**

**Custom-made cushions for structures and events.**

A trade fair fitting, an advertising space in a shopping center, an information stand, we produce tailor-made cushions for all occasions and any type of event. When we say we want to be present everywhere we mean it and we are constantly striving to achieve this result.

Not only the structures such as hotels or accommodation facilities, but also companies that deal with organization of fairs ed events know the fact that *comfort and relax* are first things that make an event or a party a total flop or a *resounding success*. Pomodone tailor-made cushions are the answer for an original piece of furnishing.

## 1. Pouf Line

### Outdoor Furniture and Poufs for Outdoors. Relaxation at your facility.

Space and environment, especially when we talk about outdoor furniture, are terms related and complementary to the concept of wellbeing and relaxation, but we have learned that both are in a “constantly evolving”.

We understand the needs of hospitality facilities. Spaces change quickly and need to be optimized with versatile, design furniture that adds value to environments, ensuring an unmistakable style and uncompromising comfort.

### 1.3. Milk

Pouf chaise longue Milk, the hybrid for relaxation furniture.  
Stability of a deck chair pouf, comfort of a chaise longue.

-€132-

## MILK

Milk is by definition the hybrid of our relaxation furnishings production. It's a strong term but perfectly represents the concept developed for this modern furnishing.

This accessory is the intersection between the sturdiness of a chaise lounge with the comfort of a pouf.

The evolution of comfort is what drives us to continually experiment with new solutions for structures that aim to offer their guests the opportunity to rest in comfort and wellness.

## STANDARD SPECIFICATIONS

- Height 100 cm
- Front width 100 cm
- Diameter 140 cm
- Weight 6 kg

## OVERVIEW

1. This product features a handle on the bottom, allowing for easy transportation.
2. With its triangular shape reminiscent of the classic milk carton, this item represents the ideal solution for ultimate comfort.

***The interior is filled with polystyrene microspheres that ensure the product conforms to your body, guaranteeing maximum comfort.***

## MATERIAL

**Fabric:** made with an innovative 100% high-tenacity acrylic fiber, solution-dyed, possessing excellent color fastness to sunlight and UV resistance, guaranteed for 3 years.

**IBIZA FLOATING BED**

From the encounter between technical competence, design and functionality Pomodone presents a completely different line from those presented so far: The floating bed!

The Ibiza floating bed is born from the need of creating a luxury mattress, which can embrace all the comforts comfortably lying either in the water and by the pool or on the beach.

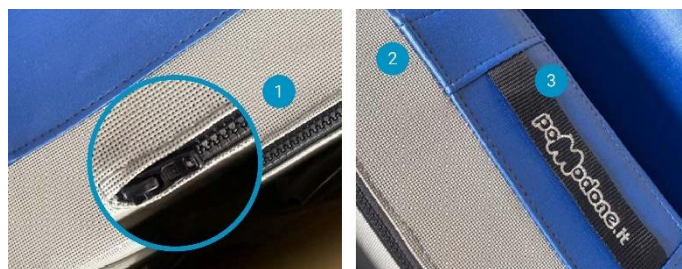

Available in many colours, this floating mattress combines comfort with relaxation letting you lull on the water surface or by the pool, ensuring stability and space for two people.

**STANDARD SPECIFICATIONS**

- Bed length 183 cm
- Cushion length 30 cm
- Seat height 17 cm
- Weight 17 kg
- Seat length 153 cm
- Width 80 cm
- Cushion height 27 cm

**OVERVIEW**

1. It has a reinforced plastic hinge that allows you to completely remove the cover.
2. It is equipped at the bottom with a nautical net that allows the product to dry easily.
3. Consists of 4 handles useful for transport, 2 on each side.

Made with completely waterproof and UV resistant materials.

Padded with two types of foam, with open and closed cells, the second is the expanded PE FOAM, completely waterproof to air and liquids.

EVA foam is characterized by UV resistance, and it is also waterproof.

This allows you to keep the same weight both wet and dry.

**MATERIAL**

Entirely covered with the New Capri eco-leather line, except for the lower part, lined with a nautical mesh fabric that allows water to enter and exit with extreme ease from the product, thus remaining 100% dry.

**JAMBO MATTRESS**

The ideal mattress to make your aluminum, plastic or wood sun lounger comfortable, unique and elegant.

It can be made with both nautical eco-leather fabric and 100% past-dyed acrylic fabric.

In both solutions, total waterproofness and resistance to UV rays are guaranteed.

Thanks to its simple line and the internal padding of high-density foam, it is defined as unique in its kind. This product is attached to the sun lounger with small strips of fabric joined by Velcro (photo 3).

This mattress becomes an indispensable furnishing accessory for its elegant line and extreme comfort.

**Customizable to fit your sun lounger.**

**STANDARD SPECIFICATIONS**

- Mattress length 128 cm
- Width 58 cm
- Weight 7 kg
- Headrest length 50 cm
- Height 10 cm

**OVERVIEW**

1. The particular stitching allows water to slide off the sun lounger.
  2. It has straps on the backrest and seat to secure it to the sun lounger.
  3. Composed of two pieces: backrest and seat, joined together by a piece of stronger fabric, which allows you to have a product that fits perfectly to the bed.
- The underside of the mattress is made of a different fabric (100% acrylic) so as not to wear out the eco-leather material during use.

The zipper is placed on one side, but is covered by the fabric to remain hidden and avoid discomfort.

This product is entirely removable.

## MATERIAL

**Fabric:** It is possible to make it in both nautical eco-leather and 100% past-dyed acrylic fabric.

**Nautical eco-leather:** characterized by anti-mold, antibacterial, resistance to UV rays, resistance to tearing both at low and high temperatures, resistance to weathering, without heavy metals formaldehyde, mercury, common solvents, and fire resistance, 100% waterproof. Its strong point is easy maintenance.

Fabric made with an innovative 100% high-tenacity acrylic fiber, dyed in paste, which has excellent color fastness to sunlight and resistance to UV rays, guaranteed for 3 years.

**It is available in a wide range of solid colors with hydro-repellent treatment and vinyl coating, guaranteeing 100% waterproofing.**

## 6.1. Scivolone

Scivolone, family sleds. Created for fun together.  
The added value of safety in winter park equipment.

-€182-

## SCIVOLONE

Pomodone's world never stops.

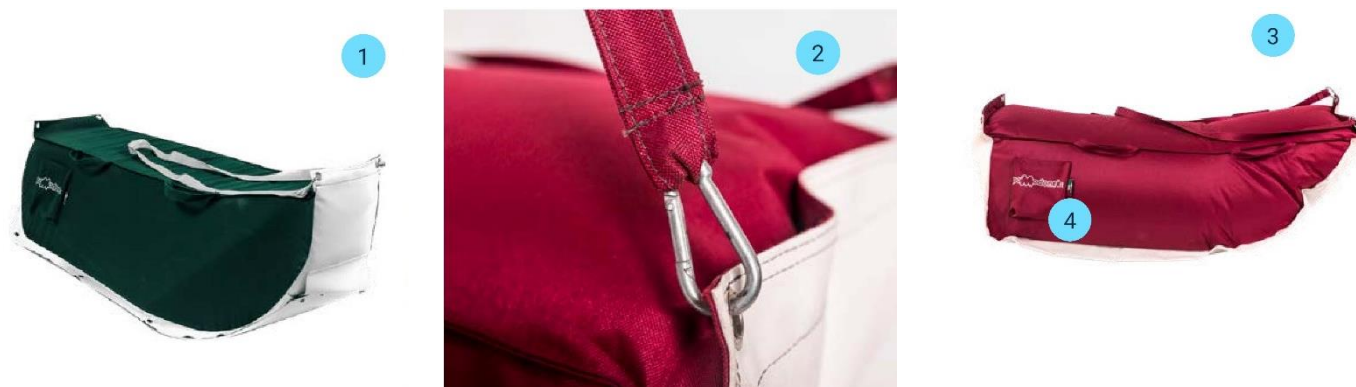

To make your days in the mountains unforgettable, we invented Scivolone. Scivolone, just like its younger sibling "Slittone," represents the safe solution for mountain fun for adults and children alike.

At Pomodone, we've chosen to stay ahead and ensure that the winter park equipment we produce is both durable and soft and safe.

## STANDARD SPECIFICATIONS

- Width 110 cm
- Length 160 cm
- Weight 8 kg

## OVERVIEW

1. It has 4 side handles that allow you to stay perfectly safe.
2. The bottom of the product is made from the processing of a very thick PVC which facilitates sliding on the snow.
3. At the corners, we find 4 stainless steel rings, where two of these are attached to the carabiners that hold a strap.

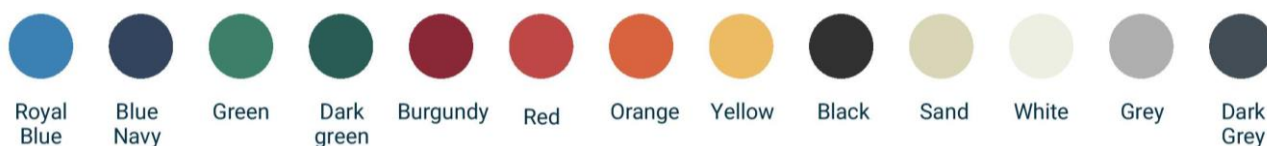

**The interior is padded with polystyrene microspheres, so the product adapts to your body, ensuring maximum comfort.**

## MATERIAL

**Fabric:** made with an innovative 100% high-tenacity acrylic fiber, solution-dyed, possessing excellent color fastness to sunlight and UV resistance, guaranteed for 3 years.

**It is available in a wide range of solid colors with hydrophobic treatment and vinyl coating, ensuring 100% waterproofing.**

## COLORS

## 6.2. Slittone

Slittone, snow sleds designed for mountain fun.  
Snowpark equipment upgrade starts with a fabric sled.  
**-€180-**

## SLITTONE

Born as a “soft alternative” to the much better-known and classic snow sleds, Slittone combines the safety of a sled made of ultra-resistant fabric with the fun of one of the first games designed and made for snow fun at any age: the sled.

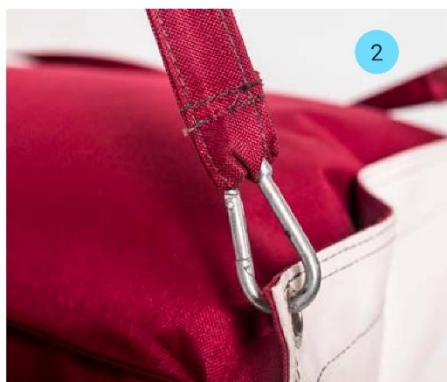

Designed for both adults and children, Pomodone snow sleds will bring joy to your slopes, making adults feel like kids again and turning the little ones into mountain adventurers.

## STANDARD SPECIFICATIONS

- Height 34 cm
- Length 135 cm
- Depth 38 cm
- Weight 9 kg

## OVERVIEW

1. The bottom of the product is made from a thick PVC material, which facilitates sliding on the snow.
2. At the front, there are two stainless steel rings where two carabiners are attached, allowing the attachment of a fabric rope for greater stability during use.
3. It is a very enjoyable item due to its sled-like shape. In addition to its appealing design, it is not only comfortable but also safe.
4. On one side, it has a storage pocket for items

The interior is filled with polystyrene microspheres.
