1. Cubepools - Focused on Quality

We are a European pioneer in the field of manufacturing pools from shipping containers. We have been developing our proprietary solutions and technologies since 2018. Thanks to the high-quality workmanship, our pools are appreciated by customers from almost all European countries! We work only with proven European manufacturers of swimming pool accessories, with whom we have been developing solutions used in our swimming pools together from the very beginning of Cubepools.

Our **pool basins** are made with the use of Renolit Alkorplan reinforced pool foil. It is a permanent solution that ensures no discoloration for many years.

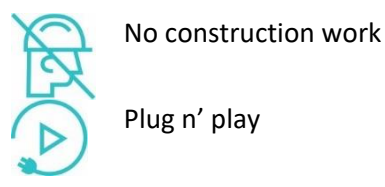

The **decking and stairs** finish is made of high-quality WPC, which, apart from the lack of maintenance, is characterized by high resistance to UV radiation and demanding weather conditions.

In the **technical room** there are time controllers and pool equipment from leading European manufacturers.

The pool construction is made on the base of **one-way containers**. This ensures high aesthetics as well as durability and stability of the construction for many years.

Cubepools are a fully functional swimming pools, that allow you to enjoy a range of amenities with minimal owner involvement. Our pools are manufactured according to the preferences and requirements of the owner. In addition, they are characterized by mobility, and thus quick assembly and no burdensome construction work. The undoubted advantage is the fact that the pool can be used immediately after filling it with water.

2. Placement Options

Numerous possibilities of placing our pools allow them to be adapted to any terrain and customer needs.

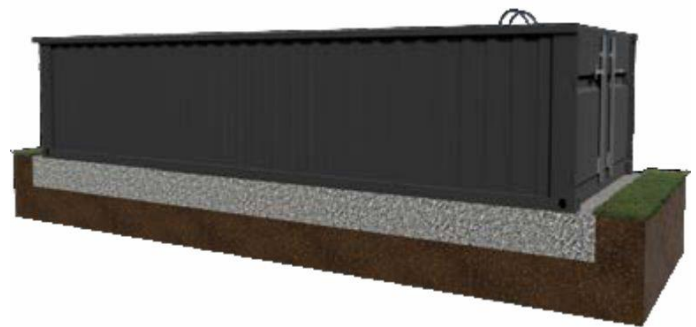

Built into the slope

On a steel structure

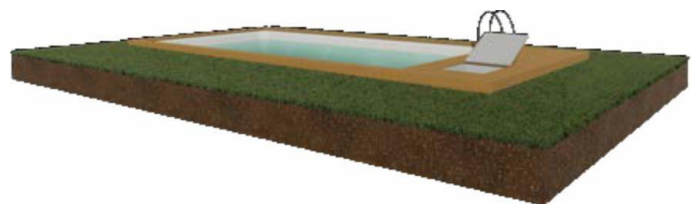

Levelled to the terrace

On the ground

Partially recessed

Levelled to the ground

3. Pool Configuration

Choose one of the two Cubepool configuration paths. Between our solutions or configure your swimming pool from scratch.

- **Ready packages:** Enjoy one of the three most popular pool configurations. By choosing one package, you only personalize the appearance of the pool. An excellent choice if you want to enjoy your new swimming pool quickly.
- **Full personalization:** Design your pool from scratch! Choose the equipment, modify the construction and the way in which you will enter the pool basin. At the end decide how your Cubepool should look like.

3.1. Ready Packages

Do you want to comfortably spend time with your family? Do you need a moment to relax after a long day? Or maybe you are looking for the thrill of sports emotions? Choose one of the available variants depending on your preferences and needs to be met by your new Cubepool.

3.1.1. Packages Available

| | Base for full configuration | <small>cubepool</small> comfort | <small>cubepool</small> premium | <small>cubepool</small> sport&spa |
|--|-----------------------------------|------------------------------------|------------------------------------|--------------------------------------|
| decking and stairs with wood composite (WPC) | YES | YES | YES | YES |
| filtration system | YES | YES | YES | YES |
| solid, steel door | YES | YES | YES | YES |
| ergonomic entry stairs | | YES | YES | YES |
| steel pool ladder | | YES | YES | YES |
| cleaning kit | | YES | YES | YES |
| water heating system | | | YES | YES |
| pool lighting | | | YES | YES |
| thermal foil with a roller | | | YES | YES |
| active filter bed | | | YES | YES |
| pool basin elements finished with steel | | | YES | YES |
| countercurrent (swim jet) | | | | YES |

3.1.2. What Can You Personalize?

Length: Choose from two available lengths:

| | | |
|--|---|--|
| |  |  |
| | 6 m | 12 m |
| external height | 1,37 m | 1,57 m |
| water line level | 1,15 m | 1,30 m |
| comfort <small>cube pool</small> | 19.500 EUR | 35.000 EUR |
| premium <small>cube pool</small> | 22.800 EUR | 39.500 EUR |
| sport & spa <small>cube pool</small> | 25.000 EUR | 42.000 EUR |

The colours: Choose one of our unique colour sets. The colour on the left is the colour of the pool, the colour on the right is the color of the pool basin.

| | | | | |
|------|---|---|---|---|
| |  |  |  |  |
| | Moonlight Grey | Arctic Glacier | Night Sky | Deep Ocean |
| RAL | 7011 | 9016 | 7016 | 7016 |
| FOIL | Grey | White | White | Light blue |
| |  |  |  | |
| | French Riviera | Blue Lagoon | Warm Sandstone | |
| RAL | 5025 | 7046 | 1002 | |
| FOIL | Light blue | Caraibbean | Sand | |

3.2. Full Personalization

3.2.1. Configure Your Pool from Scratch

Walk through the full configuration path deciding on each individual option. See for yourself how you can easily and quickly configure the pool of your dreams, step by step.

3.2.2. Choose Your Desired Features

3.2.2.1. Length: First choose the pool length:

| | | |
|------------------|---|--|
| |  |  |
| | 6 m | 12 m |
| price | <u>17.600 EUR</u> | <u>32.500 EUR</u> |
| external height | 1,37 m | 1,57 m |
| water line level | 1,15 m | 1,30 m |

Change the dimensions of the basin (*applies only to 6 m pools) increase the water level to 1.3m + **1.650 EUR**

The price includes:

- Decking and stairs made of wood composite (WPC)
- Standard filter set,
- Electric switchboard with time controllers,
- 1 of 7 colors of the basin to choose from,
- Any exterior RAL painting color.

3.2.2.2. Possibility Of Placing the Pool

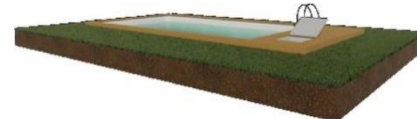

Think about how you want to place your new pool and choose one of the three variants.

On the ground

Partially recessed

Levelled to the ground

| | | | |
|------|-----------------------|----------------|----------------|
| 6 m | included in the price | 660 EUR | 880 EUR |
| 12 m | included in the price | 770 EUR | 990 EUR |

3.2.2.3. Types Of Entry to The Pool

Decide which way of entering the pool is most convenient for you:

full decking without stairs

entrance stairs from the front

entrance stairs from the side

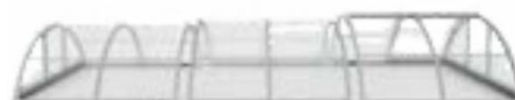

outer ladder from the side of a pool

| | | | | |
|------|-------------|------------------|------------------|----------------|
| 6 m | price incl. | 990 EUR | 1.210 EUR | 550 EUR |
| 12 m | price incl. | 1.100 EUR | 1.320 EUR | 660 EUR |

Polycarbonate swimming pool sliding roof
2,5m wide

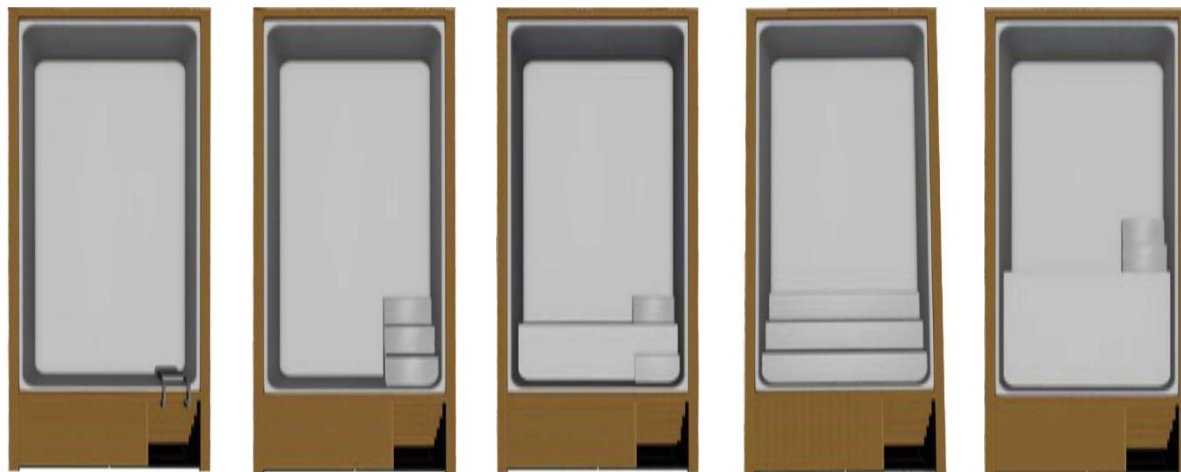

Polycarbonate swimming pool sliding roof
3,0m wide

| | | |
|------|-------------------|-------------------|
| 6 m | 12.100 EUR | 14.520 EUR |
| 12 m | 22.000 EUR | 26.400 EUR |

3.2.2.4. Entrance Options to The Pool Basin

Decide which way of entering the pool basin is most convenient for you:

| | | | | |
|----------------------|---|---------------------|--|---|
| Internal pool ladder | Side entrance stairs 60 cm wide - 3 steps | Stairs with a bench | Entrance stairs along the entire width of the pool - 3 steps * | A 1.6 m long shallowing at a depth of 30 cm + 2 steps 60 cm wide* |
|----------------------|---|---------------------|--|---|

| | | | | | |
|------|----------------|----------------|------------------|------------------|------------------|
| 6 m | 500 EUR | 720 EUR | 990 EUR | 1.430 EUR | 1.650 EUR |
| 12 m | 500 EUR | 770 EUR | 1.100 EUR | 1.540 EUR | 1.760 EUR |

* countercurrent installation is not possible

3.2.2.5. The Colors

Now it's time to choose the best way to match the colours of your Cubepool to the surroundings. Decide on the colour of the exterior and the pool basin.

External colours (RAL)

-  Glacier (RAL 9003)
-  Slate (RAL 7046)
-  Anthracite (RAL 7016)
-  Beige (RAL 1013)
-  Caramel (RAL 1001)
-  Bark (RAL 1019)

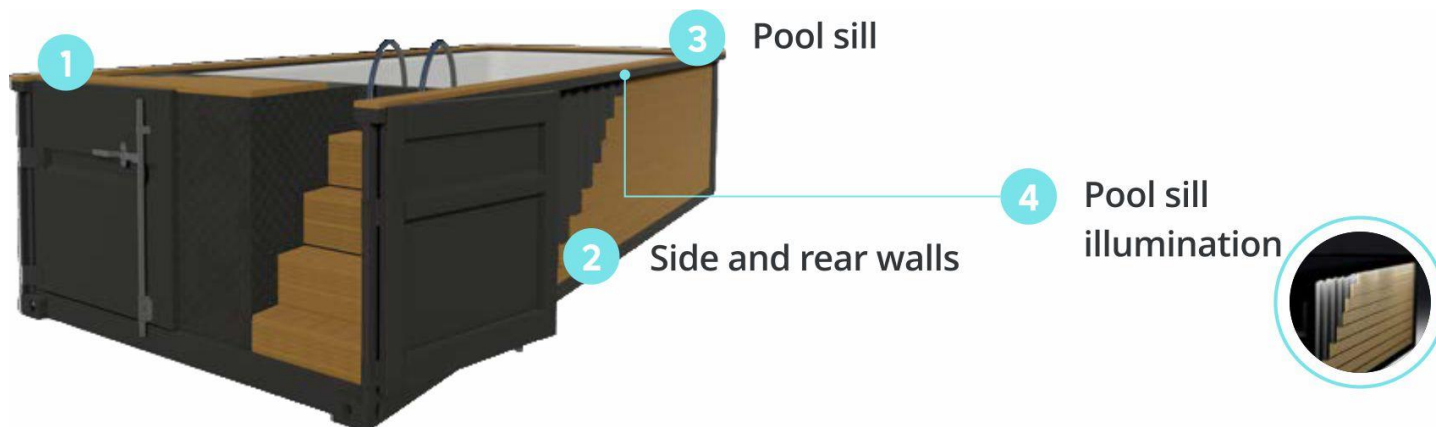

-  Wind (RAL 9018)
-  Sage (RAL 7033)
-  Moss (RAL 6028)
-  Stream (RAL 5025)
-  Dust (RAL 7031)
-  Sea (RAL 5011)

Pool basin colours

-  White
-  Grey
-  Light blue
-  Blue
-  Caribbean
-  Sand

3.2.2.6. Finishing Elements

Modify the finishing elements depending on your tastes and preferences.

- | | | |
|---|--|---|
| <p>1 Decking and stairs</p> <ul style="list-style-type: none">  WPC - brazilian ipe  WPC - peruvian teak  WPC - westminster grey | <p>2 Side and rear walls</p> <ul style="list-style-type: none">  Container sheet in the selected color  WPC - brazilian ipe  WPC - peruvian teak  WPC - westminster grey | <p>3 Pool sill</p> <ul style="list-style-type: none">  WPC - brazilian ipe  WPC - peruvian teak  WPC - westminster grey |
|---|--|---|

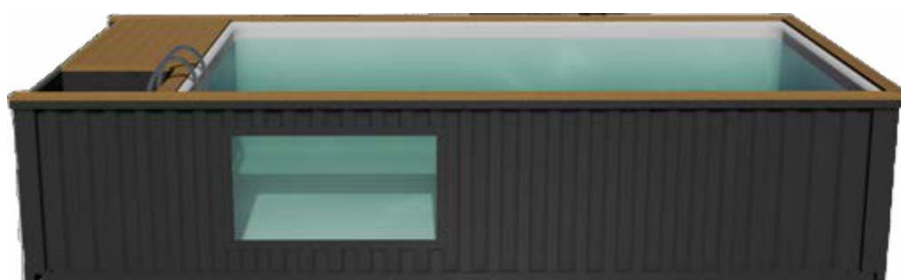

2 Side and rear walls

| | | | |
|------|-----------------|------------------|----------------|
| 6 m | container sheet | WPC sidewall x1 | WPC rear wal |
| 12 m | price incl. | <u>1.760 EUR</u> | <u>830 EUR</u> |
| | price incl. | <u>3.520 EUR</u> | <u>830 EUR</u> |

4 Outdoor LED lighting

| | |
|------|------------------|
| 6 m | <u>1.540 EUR</u> |
| 12 m | <u>2.640 EUR</u> |

Pool window

| | | |
|------|-----------|------------------|
| 6 m | 2 x 0,9 m | <u>3.190 EUR</u> |
| 12 m | 2 x 1 m | <u>3.300 EUR</u> |

* It is possible to install more than one pool window

4. Pool Accessories

Alternative water treatment methods

Salt hydrolyzer with pH module

Salt hydrolyzer with pH module

6 m/12 m

3.250 EUR

Norsup UV lamp

Supports the filtration system by disinfecting up to 80% of dirt in the swimming pool water.

6 m/12 m

1.380 EUR

Chlorine dispenser with pH/Rx module

Automatic chlorine and pH dispenser.

6 m/12 m

1.870 EUR

Filtering

Premium Norsup Filtration System

Premium class filter set:

- Two-piece filter body for easy sand replacement
- Resistance to salt water up to 0.4% (4gr / l)
- Optimum filter performance
- Praher 6-way valve included
- 10-year warranty on the tank + 5-year warranty

6 m/12 m

1.870 EUR

Pool cleaning

Hayward vacuum cleaner

Automatic cleaning robot.

6 m/12 m

1.820 EUR

Cleaning robot Norsup Cyclone X2

Automatic Norsup cleaning robot.

6 m/12 m

2.310 EUR

Trolley for the Norsup cleaning robot

Trolley for the Norsup cleaning robot

6 m/12 m

200 EUR

Handrails, railings

Large pool handrail

The handrail is 817 mm high and 1362 long, installed at the edge of the pool (not in the pool basin).

6 m/12 m

610 EUR

Inner pool handrail

A handrail installed inside the pool basin, length 2000 mm.

6 m/12 m

660 EUR

Barrier for decking with stairs

L shape decking safety barrier for decking with stairs. Dimensions 1600x900, 1.1 m high.

6 m/12 m

660 EUR

Barrier for full decking

L shape decking safety barrier for full decking without stairs. Dimensions 2500x900, 1.1 m high.

6 m/12 m

770 EUR

Heating systems

The heat pump Hydro-s Type 5

The heat pump helps to extend the pool season even by a few months of the year.

The Hydro-S pump is characterized by:

- Quiet work • Economy of use • High COP efficiency up to 6.1
- 2-year pump warranty and 5-year warranty for exchanger and compressor

6 m 1.380 EUR

12 m 1.980 EUR

Norsup heat pump Inverter PX P13X

A full inverter heat pump offers great ability to change the heating capacity depending on weather conditions. Thanks to a new automatic compressor speed modes and fan, the pump adjusts them to reduce noise level and energy consumption. Norsup PX pump is characterised by:

- A energy class • Inverter heat pump automatically adjusts the heating power to the weather conditions
- Automatic heating and cooling function of pool water • COP efficiency up to 16
- 4-year pump warranty and 10-year warranty for exchanger and compressor
- when the pool has entrance stairs, the pump is installed on the exterior side of the sidewall

6 m / 12 m 4 950 EUR

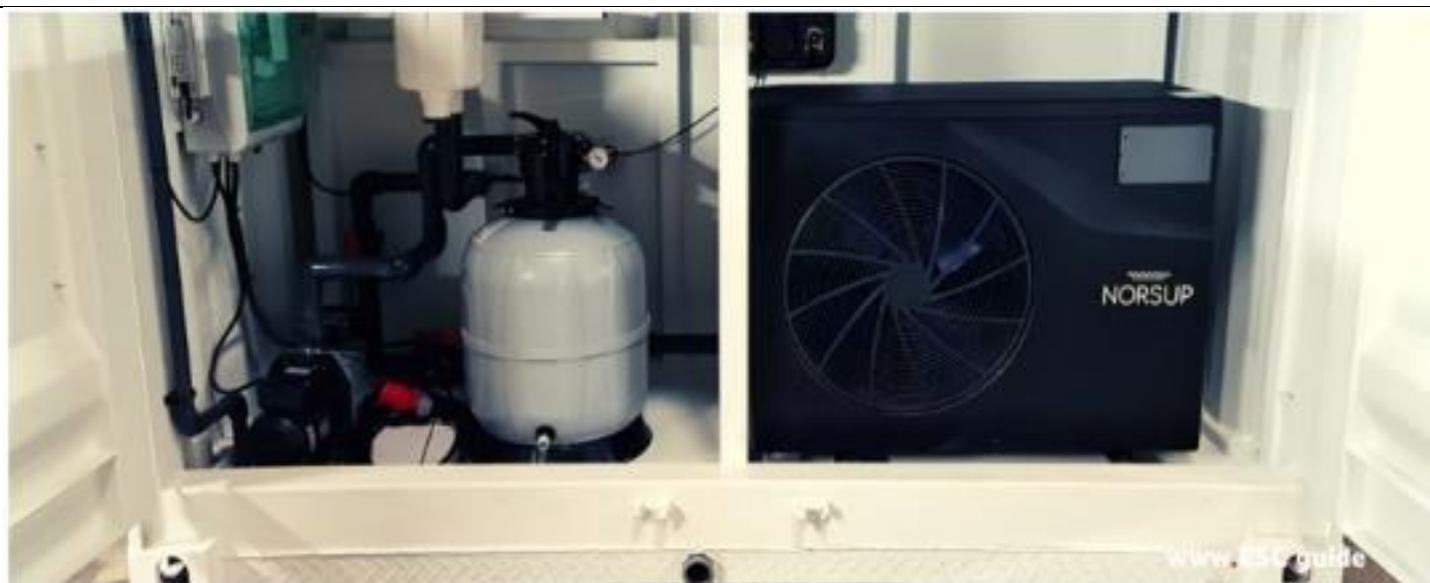

Pool basin insulation

5 cm thermal insulation of the pool basin with XPS. Limits temperature transmission through the walls and bottom of the pool. Note: the use of XPS reduces the inner dimension of pool basin - basin is 10 cm shorter and narrower, and 5 cm shallower.

6 m 2.090 EUR

12 m 4.180 EUR

Finishes

Steel frames for the pool nozzle

AISI 316L acid steel.

6 m /12 m

220 EUR

Steel frames for skimmer

AISI 316L acid steel.

6 m /12 m

210 EUR

Lighting

Internal LED lighting

Internal LED lighting controlled by a remote control.

6 m/12 m

550 EUR

Steel frame for Pool lamp

AISI 316L acid steel.

6 m/12 m

60 EUR

Pool cover

Manual roller blind made of hollow PVC panels

Manual roller with hollow PVC panels. It limits the temperature transmission through the water surface and provides a "safe covering" to prevent kids falling into the water.

6 m 3.850 EUR

12 m 5.280 EUR

Automatic roller blind made of hollow PVC panels

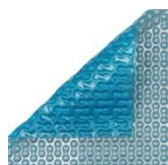

Automatic roller with hollow PVC panels. It limits the temperature transmission through the water surface and provides a "safe covering" to prevent kids falling into the water.

6 m 6.050 EUR

12 m 7.590 EUR

** Remote control for an automatic roller shutter. 6 m/12 m 480 EUR*

Pool cover

Roller with thermal foil

Manual roller with thermal foil. Limits temperature transmission through the water surface.

6 m **680 EUR**

12 m **990 EUR**

Countercurrents

Countercurrent 70 m3/h

Countercurrent front made of AISI 316L acid steel, with pump with a capacity of 70 m3 / h. It has a modern water flow system with 2 round nozzles which lifts the body enabling more natural swimming.

6 m/12 m **2.090 EUR**

Other countercurrents

Cubepools countercurrent

Accessories

Solar garden shower

35L solar shower with connection to a garden hose.

6 m/12 m

330 EUR

Pool filling connector

Enables you to connect a garden hose via quick coupler - to fill the pool.

6 m/12 m

280 EUR

| | | |
|--|---|-----------------------------|
| Connector to external heat sources | Preparation of the water circuit in the pool for connection external heat source. | 6 m/12 m 170 EUR |
| Winter cover for a 6 m swimming pool | White PVC cover that covers the entire pool. | 990 EUR |
| Winter cover for a 12 m swimming pool | White PVC cover that covers the entire pool. | 1.980 EUR |
